**DIRECTOR**

Dear Volunteer Organization Officers and Board Members,

The Cobb County Parks, Recreation and Cultural Affairs Department would like to thank you for your role in helping provide quality recreation programs in Cobb County. Without your organization's cooperation and assistance it would be impossible to have attained the high standard of programming that is currently available to Cobb County residents.

Volunteer Organizations provide a very valuable service to the community by furnishing governing bodies that organize volunteers to administer the various activities and programs that make up recreation programming. Through the use of volunteers, these programs and activities are made available to the public at minimal cost and with structured supervision.

The Cobb County Parks, Recreation & Cultural Affairs Department is committed to a partnership with all of our Volunteer Organization members. Our ultimate goal is to provide a spectrum of the best programs and activities to our citizens. We recognize the fact that input from our Volunteer Organizations is a vital part of this mission.

The Cobb County Parks, Recreation & Cultural Affairs Department has a strong concern for the safety of our volunteers and park users. Our goal is to make sure that our facilities are kept clean, well lighted, that all of our buildings and equipment are checked and regularly maintained, and that our facilities are regularly patrolled by the police department/park rangers. We ask that you, the user, help us in this goal by notifying us immediately of unsafe conditions that may arise during the use of our facilities—first by phone, then in writing on the forms enclosed in this handbook for that purpose.

This handbook is intended to help volunteers, registrants, participants, and patrons ensure the quality and safety of our volunteer recreation programs. It will help answer questions as well as give more concise information as to what is expected and needed by the Cobb County Parks, Recreation & Cultural Affairs staff while working with the various organizations. It will also identify for the organization, responsibilities the department assumes in providing a service to you. All of this is with the intent of forming an amicable **RELATIONSHIP** between the department and the organization.

Before a written agreement can be executed, all information in this handbook must be read and understood by both parties. This is to ensure that the organizations, as well as the department, are aware of what each expects of the other upon entering into this agreement and therefore, being accountable for the proper administration of these assigned responsibilities.

If you have any further questions, please contact Jeff Crowder, Athletics Manager at 770-528-8821.

Sincerely,

Eddie Canon  
Director

## The Role of your Athletic Coordinator

The Athletic Coordinator is the front-line liaison with patrons using any of our park facilities. He/she is your primary contact with the department. This is **the** person in the department who should thoroughly know your organization, understand your by-laws and understand the program that you offer, its needs, and the organization's desires. This person also knows the department, its resources, its capabilities, its budgetary possibilities and constraints. He/she is familiar with policies and procedures, what is and is not feasible, and can give you a response to almost any question or concern that you have. In areas of policy or new programming concepts, they will seek guidance up the chain of command through the Athletics Manager, through the Division Director, to the Director--and on to the Recreation/Arts Board or County Management staff or Board of Commissioners, if appropriate. These coordinators are specifically responsible for the following:

- A. Coordinating the use of park facilities by establishing use dates and times of specific facilities to an assigned user group. The coordinator assists the organization with league/tournament schedules, and assuring maximum utilization of all fields and other facilities.
- B. Serving as a liaison between the volunteer organization and the department by attending organization meetings and serving in an advisory capacity at these meetings. The Coordinator will relay all information received from organizations to the department and prepare appropriate or necessary reports and responses. The Coordinator will, in turn, relay all information from the department to the organization, and handle necessary verbal and written communication--reports and responses.
- C. The Coordinator is the organization contact for **ALL** concerns and work order requests on county facilities. Organization presidents or designated contact person should contact their assigned Coordinator for all programmatic and maintenance requests. The Coordinator is responsible for receiving, processing, and following-up on those requests and assuring that those requests are appropriately handled.
- D. The Coordinator is responsible for ensuring that the organizations are in compliance with all of the policies and procedures listed in this handbook, the department policies and procedures manual as well as any Board of Commissioners action. They are also responsible for making sure that the organizations are aware of and understand proper application of these policies and procedures, whether written or implied.
- E. To serve as a point person for all Georgia Recreation and Parks Association-sponsored (GRPA) activities, tournaments, meetings, etc.

## **The Park Use Agreement**

# The Park Use Agreement

Each volunteer organization that operates a seasonal/annual recreation program is required to obtain and adhere to the terms & conditions of the department's park use agreement as well as the required procedures listed in this handbook.

This document serves as a contract between the organization & department and outlines certain requirements the organization must fulfill to conduct their program in a park/facility. These requirements are necessary to assure public confidence in the management and structure of these organizations while ensuring the safety, health, and protection of the participating members. This handbook expands on the listed requirements to describe county policies & procedures as well as outlining the responsibilities of both the department and the organization. The handbook also outlines the basic structure of the volunteer organization to ensure all programs are operated consistently with department and national recreation program standards.

Upon execution of the park use agreement, the volunteer organization receives designated exclusive use of determined park facilities for the purpose of conducting their recreation program. **The agreement lists the type of facility and the dates & times necessary to complete their season/event. The department has set standardized start & finish dates for each sport which provides ample time for each program's basic season to operate. All program activities outside the contracted time must be submitted to their department's designated athletic coordinator for review a minimum of 30 days prior to the activity. If approved, the coordinator will draft a short term permit outlining the extended dates & times and submit to the department director for final approval.**

Once an organization receives the park use agreement, all the board members of the organization should have a copy available to present to an individual/group that is using the facility on a walk up basis. The member should politely inform them of the dates and times the organization is using the facility and recommend they contact the department's athletic coordinator to determine days & times the facility is available for walk up usage. **The organization can not ask someone to vacate the facility unless there is a scheduled event through the program or if the facility is being prepared for use (e.g. lining of a ball field, mowing etc). A facility not in use by an organization during a contracted time period is considered to be open to the public and available for usage if the facility is deemed open.** The athletic coordinator will monitor usage of the facility by the organization and is authorized to revise the agreement if the organization usage is not consistent with the designated dates & times listed. The department will post a copy of the agreement at the facility to help inform the general public when the facility will be used by the organization.

## **Structural Requirements for Volunteer Organizations**

## **Structural Requirements for Volunteer Organizations**

In order to operate in a Cobb County park, each volunteer association must maintain a certain minimum organizational structure listed in this handbook. These minimum requirements are necessary to assure the public that every organization that receives a park use contract from the department is prepared to operate their program under the highest standards, using consistent guidelines, for its participants.

1. **Board of Directors-** Each organization must be governed by a board of directors who manage the operations of the program. The number of volunteers that make up the board of directors may vary due to the size of the program, but every organization must maintain a minimum of 4 individuals to fill the following positions:

**-President/Chairman-** This individual will ultimately be responsible for all the affairs of the program and execute the policies established by the board of directors. All issues, complaints, irregularities, etc. should be presented to the president/chairman for review & response. **The president/chairman (or his designee) should be the main contact person to the department staff.**

**-Vice President/Chairman-** Performs the duties of the president/chairman in the absence or disability of the president/chairman provided he/she is authorized to do so.

**-Secretary-** Responsible for recording the activities of the program and maintaining appropriate files, mailing/e-mailing lists, and necessary records. This individual should give notice of all meetings of the board of directors and maintain a list of all regular and honorary directors and committee members.

**-Treasurer-** Receives all monies & securities, and deposits same in a depository approved by the board of directors. Keeps records, for the receipt and disbursement of all monies of the program. Approves all payments from allotted funds and draw checks in agreement with policies established in advance by the board of directors. The department strongly encourages all disbursements by check over \$250.00 require dual signatures. The treasurer prepares and monitors an annual budget as well as an annual financial report to be submitted to the department and made available to all members of the program. ***The department reserves the right to audit the finances of the program if there is reasonable evidence of mismanagement of program funds.***

2. **Elections for Board of Directors-** All organizations must have a written procedure for electing individuals to serve on the board of directors. This procedure must be stated clearly in the organization's by-laws. The election must be advertised a minimum of 14 calendar days prior to the election. The election may be advertised either through the local newspaper and/or through the program's website. The department strongly recommends that notice of elections be mailed/emailed to their membership. The elections will be monitored by the Athletic Coordinator responsible for the program. Any irregularities with the election process will result in an immediate review and appropriate action.
3. **By-Laws-** Each organization must establish, maintain, and operate under a set of by-laws. These by-laws must establish the objectives of the program, membership requirements, description of the board of directors and their duties, and a description of all the procedures relative to the program. The organization should review these by-laws a minimum of every 2 years for updates and/or changes. A current copy must be submitted to the department every year to be kept on file as part of the park use agreement. Each participant, or their parent(s), should be presented a set of by-laws when registering for the program or a current copy should be posted at the park and on the program website for reference. A sample copy of by-laws is included in this handbook.

4. **Board Meetings-** Regular meetings of the board are to be called by the president/chairman or his/her designee to conduct the affairs of the program. These meetings are to be published to the membership and open to any member wishing to attend. The board should develop a procedure by which members can address the board with comments or concerns. It is recommended the board require a written request from the member to be included on the meeting agenda. The request should state clearly the issue or concern to allow the board to prepare a response.
5. **Annual Meeting-** Each organization is required to annually conduct a general membership meeting for all the members of the program. Notice of this meeting shall be delivered personally, electronically, or mailed to each member at least (10) days in advance of the meeting setting forth the place, time, & purpose. The department strongly recommends the elections for the board of directors take place during this meeting to help maximize the turn out. Among the items discussed at this meeting should be the general condition of the program, summary of the financial state of the program to include an annual statement/budget as well as the current status, and goals for the future of the program. Robert's Rules of Order should govern all meetings of the program.
6. **Insurance-** Organizations shall procure and maintain for the duration of the park use agreement, insurance against claims for injury to persons or damages to property which may arise from or in connection with the operation of the organization and use of the facilities. Coverage is to include General Liability for a limit of \$500,000 per occurrence for bodily injury, personal injury, and property damage. Also required is insurance covering the personal property of the organization including equipment and contents. The department is not responsible for repair or replacement of the organization's equipment in the event of theft, vandalism, fire, or acts of God. A certificate of insurance must be furnished to the department to keep on file.
7. **Non-Profit Status-** All organizations must be registered with the Georgia Secretary of State's office as a non-profit organization. A copy of the registration must be submitted to the department to be kept on file and updated annually. This registration protects the board members' personal assets in the event of lawsuit resulting from an issue/event related to the organization.
8. **Registration Reports-** Before the conclusion of each SEASON, the registration/participation figures are to be submitted to the department. The department reserves the right to request rosters (including each participants name & address) to verify the accuracy of the registration figures.
9. **Indemnity-** Each organization is required to hold the county and its agents harmless and to indemnify the county and its agents for any accident, injury, and/or damage claim resulting from the activities and operations of the organization.
10. **Supervision of programs-** Organizations conducting youth activities in Cobb County facilities must have a sufficient number of adults present to supervise all scheduled activities from the time the youth arrive until every boy or girl has left the area.

## **Financial Requirements for Volunteer Organizations**

## **Financial Requirements for Volunteer Organizations**

One of the most important roles for a volunteer organization is to operate under reliable and trustworthy financial practices. A lot of money is received by the organization each season whether its cash, credit, or personal check and it is critical that there are thorough procedures in place for accepting, budgeting, and disbursing of organization funds.

1. **Seasonal/Annual Budget-** It is important that each organization develop a budget to assure that monies received cover all program costs. Especially in youth programs, parents often question registration costs and how the money is used. Providing an operational budget helps them understand the many expenses incurred to operate a recreation program and justifies the related fees.
2. **Financial Statement-** All organizations **must** submit a copy of its annual financial statement to the department as well as provide a copy to its membership upon request. The statement must be prepared in accordance with general accounting principles and signed by the treasurer and/or the president/chairman verifying its accuracy. The department strongly recommends the organization provides a copy to its membership during its annual meeting as well as posting it on the organization's website.
3. **Use of Organization Funds-** Organizations using county facilities to conduct their programs are expected to use funds generated by the program for program operational costs, program enhancements, and improvements to the park/facility.
4. **Disbursing of Monies-** The Treasurer of each organization should have set procedures for disbursing the funds of the program. Dual signatures should be required for checks exceeding \$250. Major expenditures should require the approval of the board. The Treasurer should provide an update of the programs financial condition during every regular scheduled board meeting as well as their annual meeting.
5. **Concession Operations-** It is the policy of the Cobb County Board of Commissioners to offer volunteer organizations the opportunity to financially support their program through the sale of concession items. The organization is responsible for complying with all state & county health laws, codes, ordinances, business licenses, etc. The organization may not sublet its concession operation to any outside individual or group without approval from the department.
  - a. **Fees for Concessions-** All prices for concession items are to be set by the organization.
  - b. **Concession equipment-** The organization will be responsible for providing, operating, & maintaining all concession equipment necessary for their operation. The department assumes no liability for any organizations concession equipment or health violations.
  - c. **Joint usage-** In the event that two or more organizations share the same concession stand, the groups must cooperate with each other in determining specifics in sharing of equipment, replacement of equipment, etc.
  - d. **Handling of Monies-** Because the selling of concessions is mainly through exchange of cash, the organization should set policies for daily documentation of receipts and inventory.
6. **Donations for Admission-** Organizations **can not require** an individual to pay admission into a park/facility during an event. The department does allow the organization to accept donations to activities if the patron is informed that it is on a voluntary basis. No individual may be denied admittance based on non-payment of the donation. All signage must read donation if used. **The department reserves the right to warn and or stop the organization from accepting any monies of this nature if it is determined the organization is in violation of this policy.**

7. **Out of County fees-** Each organization must collect a out of county fee from any individual that registers in the program and resides outside of Cobb County. The fee is \$25 per individual per season. Once the fees are collected, the organizations submits one check made payable to the department. This must be done prior to the conclusion of each playing season.
8. **Financial Assistance-** All organizations must develop criteria to consider assistance to families that demonstrate financial hardships. The organization should require documentation for such a request and all action should be done in confidence.
9. **Matching Grant Program-** The Cobb County Board of Commissioners is proud to offer a matching grant program which provides aid to our volunteer associations in making improvements to park facilities. A full description of the program, along with an application form, is included in this handbook.

## **Operational Procedures for Volunteer Organizations**

## Operational Procedures for Volunteer Organizations

1. **Request to make facility improvements-** The department encourages organizations to pursue improvements to park facilities that will enhance the program as well as upgrade the amenities in the park. The department also encourages the organization to apply for matching funds that, if approved, will aid in financing the improvement subject to the programs terms & conditions.

**ALL** requests for facility improvements must be submitted in writing along with a facility improvement request to their athletic coordinator a minimum of **30** days in advance of the start of the project. The athletic coordinator will review the request with the operations staff to determine if the improvement is recommended. If the improvement is determined to alter the master plan of the park facility, the request must be presented to the Recreation Board for approval. **NO WORK CAN BE DONE UNTIL APPROVAL HAS BEEN GRANTED BY THE DEPARTMENT.** All work will be monitored and inspected by the athletic coordinator and appropriate staff to ensure a timely approved completion.

2. **Advertising Signs-** All organizations wishing to place signs in the parks for the purpose of announcing program registrations and events must obtain approval from their athletic coordinator through a written request. If approved, the sign must not be installed earlier than 30 days prior to the event and must be removed no later than 7 days after the occasion. The department will remove the sign if it is considered offensive or of poor design or construction.
3. **Sponsorship signs-** Organizations are allowed to place sponsorship signs in the parks provided they are not offensive and are placed on fences or other approved locations determined by the athletic coordinator. The signs must be removed by the organization no later than 14 days after the conclusion of the season/event. The department will remove the signs if they are in poor condition or create a safety hazard.
4. **Inclement Weather-** All organizations must adhere to the policies listed in the event of inclement weather.
  - A. Lightening-** All play will be suspended following the first sighting of lightening and **no play** will resume until a complete 30 minutes has been elapsed without a new sighting.
  - B. Severe weather watch-** Once a severe weather watch is announced, the organization will prepare to stop play and secure the facilities. The organization officials will monitor the weather conditions and contact their athletic coordinator to determine playability and safety of the facilities and its users.
  - C. Severe weather warning-** **ALL PLAY WILL STOP!** All players, spectators, coaches, and league officials must leave the facility in an orderly manner. The facility will be closed until there is notification that weather conditions have cleared enabling safe usage.
  - D. Extreme Heat/Cold-** In the event the National Weather Service issues an advisory regarding extreme heat or cold conditions, the organizations must alter and/or cancel program activities to ensure safety of the participants.
5. **Incident Report-** The department **MUST** be notified immediately in the event of serious injury, death, property damage, or vandalism and a written report submitted the next working day. This report will be forwarded by county staff to the county's Risk Management Division for review to help improve safety in parks, as well as provide documentation in the event they receive a claim.
6. **Lights on Athletic Fields-** Lights on athletic fields should not be in use while it is raining. An organization official must make sure the park facility is secure, with lights out, before leaving the park.

7. **Damage to Facilities-** An organization shall be responsible for any damage incurred to the facilities caused by the organization. **Flip drills are not allowed on fences and only can be done in designated areas! An organization that condones the persistent damage to park facilities shall be brought before the Cobb County Recreation Board, their Park Use agreement placed under review, and the organization must show reason why they should not be barred from future use of county facilities.**
8. **Conduct of Coaches, Parents, & Spectators-** The organization is responsible for addressing behavior by the coaches, parents, & spectators that is considered harmful to the program. Profanity is not to be tolerated, especially around children. Any incidents involving negative behavior are to be addressed by the organization's board of directors during a regular scheduled or special called meeting with all involved parties being required to attend. The organization will report to their athletic coordinator the ruling by the board within 24 hours of their decision.
9. **Issues between organizations-** Constant bickering between two or more organizations utilizing any county park facility will result in a meeting between the officers of both organizations and department staff. If the conflict cannot be resolved or if continued issues persist, the organizations will be brought before the Cobb County Recreation Board to show why they should not be barred from future use of county facilities.
10. **Litter Control-** Each organization is responsible for policing around the athletic fields, parking lots, restrooms, and concession stand for litter control. This task must be attended to prior to leaving the park each night.
11. **Locks-** The organization must receive permission from the department director prior to installing locks on buildings, light boxes, gates, etc. that are not issued by the department. The organization must furnish a key or combination to their athletic coordinator if approved.
12. **Use of county equipment-** No county vehicles or motorized equipment will be available for use by the organization without the written permission by the director of the department.
13. **Subletting of county facilities- No organization at any time may sublet county facilities to outside organizations.** ONLY the department can issue contract's and/or permits to any person or organization seeking to use county facilities. Violations of this policy will result in an immediate review of the park use agreement and the organization brought before the Cobb County Recreation Board to show reason why it should not be banned from future use of county facilities.
14. **Hosting of tournaments/special events by organizations-**CCPRCA recognizes that volunteer organizations may pursue tournaments/special events outside normal league activities as a way to raise funds for the program as well as providing additional recreation opportunities for the participants in the program. It is the policy of CCPRCA that **ALL** tournaments/special events adhere to the following guidelines to prevent the organization from violating the department's policy regarding the sub-letting of county facilities to outside organizations (e.g. ASA, USSSA, NSA, PONY Baseball etc.).
  - The organization must inform their athletic coordinator of the event a minimum of 2 weeks prior to the event to discuss the details of the occasion and obtain approval from CCPRCA.
  - The organization board must serve as tournament director and accept all monies applicable to the event and develop a financial report to be available upon request.
  - The organization must only advertise and accept voluntary donations for spectators wishing to view the event.
  - The tournament/event must take place during the period of time contracted to the organization by the department. All events outside the contracted time must be approved by the department's director

through the allocation of a short term permit. The department reserves the right to impose a fee for use of the facility if it is determined the event is not directly linked to the normal operations of the primary volunteer organization of the park/facility whether during the contracted time or not.

-All outside organizations wishing to conduct a tournament/event in a park/facility MUST make their request directly to the athletic coordinator/manager responsible for the facility to discuss the details of the event and obtain approval through a short term permit. Outside organizations are subject to a fee charge for the usage of the facility. The department reserves the right to change, alter, or cancel the event based on weather conditions or unapproved changes to the structure of the event.

## **The Matching Grant Program**

## **The Matching Grant Program**

Beginning in 1996, the Cobb County Board of Commissioners authorized CCPRCA to introduce a matching grant program. This program provides matching dollars to organizations seeking to make park improvements. This program has proved most beneficial to both the department and the volunteer organizations as over 2.5 million dollars in park projects have been completed since its inception. Listed below are the requirements that each organization must fulfill **prior** to submitting an application.

1. **Full compliance with CCPRCA** - In order for an application to be processed, the organization must be in compliance with the department's park use agreement. All necessary documents required by the park use agreement must be submitted to their athletics coordinator prior to submitting an application. The athletic coordinator must sign the application form verifying the organization has met the terms & conditions set by CCPRCA before the application can be reviewed.
2. **Board approval** - All projects requested through the matching grant program must be approved by the board of directors through a regular scheduled meeting. Minutes must be submitted to the athletic coordinator verifying the project has the approval of the board.
3. **Funding** - The matching grant program is a **reimbursement** type program. The organization must be prepared to pay for the entire approved project prior to receiving funds from the program. Once completed, the organization will submit the necessary invoices and proof of payment to receive the authorized grant monies.
4. **Eligible projects** – The organization is required to meet with their athletic coordinator prior to submitting an application to determine if the project is eligible for matching funds. The program is designed to focus on improvements that will benefit the organization, as well as the general public utilizing park facilities.

Included in the application is a full description of the program outlining its criteria and process for review of the grant request. It is important to note that grant monies are limited each fiscal year and it is strongly recommended that each organization contact their athletic coordinator to determine if there are funds available for the project (if approved) prior to submitting an application.

# Guidelines for Parents

As a parent of a child in a youth sports program in Cobb County, there are several privileges that are available to assure the most enjoyable and positive experience for you and your child. Each volunteer recreation program using Cobb County Parks facilities is managed by a board of directors that govern all the operation of the program. This board works directly with the Cobb County Parks, Recreation, & Cultural Affairs Department to assure the program meets or exceeds all department standards. This is done through a park use agreement between the department and the organization.

When registering your child in a youth recreation program in Cobb County parks, you should be aware of your rights as a parent should you have questions or concerns regarding the program.

1. **Refund Policy** – You should know & understand the organizations refund policy when registering your child in the program. Most organizations have the policy on the registration form, but if not, make sure you ask a board member prior to submitting your registration. Once a child is enrolled in a program, the organization must commit these funds quickly towards uniforms, equipment, etc. that can not be refunded. Normally, an organization can not give a refund after a certain date because of these pre-season expenses. If the child is injured and can not participate at all, or if there is another unforeseen emergency, the organization will consider upon request a partial or full refund. The parent must provide adequate documentation to support the request for a refund.
2. **Financial Assistance**- All organizations have a policy regarding assistance to parents that have financial hardships. In order to be considered for assistance, the parent must submit required documentation to the board and/or president justifying the need. These requests are considered on a case by case basis.
3. **Copy of By-Laws**- Parents may obtain a copy of the organization's by-laws. This is an important document as it covers all the areas of the program and should answer all questions regarding the structure of the program. If the organization maintains a web site, there is usually a link that goes to the by-laws. If not, ask a board member how to obtain a copy.
4. **Board Meetings**- Every organization holds board meetings to conduct the business of the program. These board meetings are open meetings for parents to attend if they choose to do. Many organizations have a meeting schedule listed on their web site or in newsletters. If you would like to address the board during a regular scheduled meeting, you should contact a member of the board and request to be added to the next meeting agenda. This request should be in writing and explain the nature of the request to allow the board to make a timely response.

5. **Elections-** Each organization is required to conduct elections for individuals to volunteer to run for a position on the board. Parents are encouraged to submit their names for board positions as well as other volunteer opportunities such as coaches, team moms, etc. The election process should be covered in the programs by-laws and parents with children in the program are allowed to vote for officers in accordance with the election process. Elections are to be publicized on the web site, at the park, or through the local newspaper.
  
6. **Questions or Grievances-** During the playing season, parents often have questions or concerns regarding the program structure. When this occurs, parent should first review the organization's by-laws to see if it addresses their issue. Afterwards, they should approach the board member most closely associated with the area in question. (e.g. League Director) If the issue can not be resolved, parents should request to meet with the board to present their concerns. It is the board's responsibility to respond to the issues in a timely manner. If the issue continues to be unresolved, the parent(s) should contact the PRCA athletics coordinator assigned to the program. The coordinator will review the concern and determine the most appropriate course of action to resolve the issue.
  
7. **Good Sportsmanship-** The most important guideline for parents is through demonstration of good sportsmanship. Children will remember the actions of their parents long after the season is over. Children often emulate the behavior of their parents as they get older. Parents should exemplify the highest moral character adhering to strong ethical and integrity standards. Parents should be no party to the use of profanity/obscene language or improper gestures. It is the parent's responsibility and privilege to represent the program and community in a positive and productive manner.
